PROFESSIONAL SUMMARY

Final-year MCA candidate at Amity University Rajasthan (CGPA 9.61) with hands-on experience across full-stack web development and Python/AI engineering. Built and deployed two production platforms (Next.js, TypeScript, PostgreSQL/MySQL, Prisma) with custom authentication, payment integration, and admin CMS systems, and completed a Python Developer internship building real-time dashboards and ML pipelines. Comfortable across the stack - database design, API architecture, security hardening, automated testing, and technical SEO, with working knowledge of Flask, Streamlit, TensorFlow/Keras, and OpenCV. Seeking a Software Developer / Intern role to apply this range to real production problems.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, TypeScript, SQL, HTML, CSS, PHP

Frameworks & Libraries: Next.js, React, Node.js, Prisma, Flask, Streamlit, Pandas, NumPy, Matplotlib, Plotly, TensorFlow/Keras, OpenCV, Tkinter, Bootstrap

Databases: PostgreSQL, MySQL, SQL

Web Development: RESTful APIs, JWT & Session-Based Auth, RBAC, Razorpay Payment Integration, Automated Testing (Vitest, Playwright), Technical SEO

Tools & Platforms: Git, GitHub, Vercel, VS Code, PyCharm, Eclipse, Google Colab, Postman, MS Excel, JSON

Data Skills: Data Cleaning, Data Analysis, Data Visualization, API Integration

Core Concepts: OOP, File I/O, CRUD Operations, Debugging

WORK EXPERIENCE

Python Developer Intern — Codec Technologies, Mumbai (Virtual)

Jun 2026 – Jul 2026

- Built a real-time stock market dashboard (Python, Streamlit, Pandas, Plotly) pulling live market data via API into interactive analytics views.
- Built an image recognition pipeline (TensorFlow/Keras, Flask, OpenCV) that classifies uploaded images and returns predictions with confidence scores through a REST backend.
- Owned the full pipeline on both projects - data processing, API integration, testing, debugging, and deployment.

PROJECTS

Rajasthan Travel Guide | Next.js, TypeScript, PostgreSQL, Prisma | [Live: rajasthan-travel-guide.vercel.app](https://rajasthan-travel-guide.vercel.app)

- Architected and built a full-stack travel platform (Next.js 16, TypeScript, PostgreSQL/Prisma 7) with hand-rolled JWT auth, an 8-model admin CMS, full-text search, and Razorpay payment integration with webhook-verified, idempotent transactions.
- Deployed to production (Vercel + Neon) with a 130+ test suite (Vitest/Playwright), hardened security (rate limiting, CSP, RBAC), and full technical SEO (structured data, sitemaps, Search Console/Analytics) - verified against the live site.

StudentTechHub | Next.js, TypeScript, MySQL, Prisma

- Engineered a full-stack career/learning portal (Next.js 16, TypeScript, MySQL/Prisma 7) with hand-rolled session authentication, a multi-model admin CMS, full-text search, and a student dashboard with content bookmarking and application tracking.
- Implemented complete technical SEO (JSON-LD structured data, dynamic sitemaps, canonical URLs) and hardened the app with rate limiting and ownership-scoped authorization - validated via live penetration-style testing.

EDUCATION

MCA — Amity University Rajasthan, Jaipur | 2025 – 2027 | 9.61 CGPA

BCA — Rajasthan University / Lal Bahadur Shastri P.G. College, Jaipur | 2022 – 2025 | 75%

Class 12 (Humanities) — Saint Soldier Public School, C-Scheme, Jaipur | 2021 – 2022 | 72%

Class 10 — Saint Soldier Public School, C-Scheme, Jaipur | 2019 – 2020 | 77%

Relevant Coursework (MCA): Java Programming, Database Management, Software Engineering, Operating Systems, Artificial Intelligence

CERTIFICATIONS & ACHIEVEMENTS

AWS Certified Cloud Practitioner (CLF-C02) - July 2026 • Professional AI Certificate - Google, April 2026 • AI Essentials Certificate - Google, April 2026

Python Pro Bootcamp Certificate - Udemy, April 2026 • Full Stack Development Certificate - Apna College, Aug 2025

Open to on-site, hybrid, and remote internship / entry-level opportunities
